PROFESSIONAL SUMMARY

Computer Science & Engineering undergraduate skilled in Python, C, SQL, Machine Learning, and Flask, with hands-on experience developing data-driven ML projects and web applications. Active in SIH 2026 and Tech Minds initiatives, with an NCC 'A' Certificate, seeking internship opportunities in Software Development and AI/ML.

EDUCATION

B.Tech – Computer Science and Engineering | Sri Indu College of Engineering and Technology | Expected 2028

TECHNICAL SKILLS:

Programming: Python, C, SQL

ML: Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn

Web: HTML, CSS, Flask

Databases: MySQL, PostgreSQL

Core: DSA, DBMS, Operating Systems, DevOps

EXPERIENCE

Machine Learning Intern — Code Alpha | Aug 2026 – Sep 2026

- Developed ML projects in customer churn prediction, credit scoring, speech emotion recognition, and handwritten character recognition.
- Performed data preprocessing, exploratory analysis, feature preparation, model training, and evaluation using Python.
- Used Pandas, NumPy, and Scikit-learn for machine learning workflows.

PROJECTS

Customer Churn Prediction Using Machine Learning Python | Pandas | NumPy | Scikit-learn | Random Forest | Flask | HTML | CSS

- Built a telecom customer churn prediction system using data preprocessing, categorical encoding, and exploratory analysis.
- Trained a Random Forest Classifier and integrated the model with a Flask web application.
- Credit Scoring Model
Python | Pandas | NumPy | Scikit-learn
- Built a classification model using the German Credit Dataset with preprocessing, feature preparation, training, and evaluation.
- Python | Machine Learning | RAVDESS
- Developed a speech emotion recognition project using the RAVDESS dataset and machine learning techniques.
- Handwritten Character Recognition
Python | Machine Learning | Image Classification
- Developed an image classification solution for recognizing handwritten characters.

LEADERSHIP & ACTIVITIES

- Tech Minds Club — SIH 2026 Coordinator
- Supported SIH 2026 planning, student coordination, problem selection, project research, PPT preparation, and screening.
- NCC — 'A' Certificate | NSS
- Participated in NCC training and NSS activities, developing discipline, teamwork, leadership, and social responsibility.

CERTIFICATIONS

Machine Learning Certification | C Programming Certification | DCA — Grade A

SOFT SKILLS

Problem Solving | Communication | Teamwork | Leadership | Time Management
